

25 YEARS SYSTEM LIMITED WARRANTY STATEMENT

Warranty Program Coverage

RFI and its cable partners warrant to the original End-User that for a period of twenty-five (25) years from the date of the Warranty Certificate issued by RFI to the End-User for its Connectivity System:

- (1) The Product, as installed, will be free from defects in material and workmanship under normal use and service for which they are designed;
- (2) The Product, as installed, will perform in accordance with applicable TIA/EIA-568B and ISO/IEC 11801 Permanent Link and Channel performance as in effect on the date of manufacture and;
- (3) the Product, as installed, when used together as a connectivity system will support any current or future applications ratified by IEEE, ANSI or ISO, and designed to operate over the applicable TIA/EIA-568B, ISO/IEC 11801 Category 5E (Class D) or Category 6 (Class E) standards in effect at the time of manufacture.

RFI Commitment

In the event the End-User discovers a defect in material or workmanship of the Connectivity Product at any time during the twenty-five (25) years period from the date of the Warranty Certificate, or if the Connectivity Product, as installed, when used together as a Connectivity System, should fail to meet the applicable performance requirements described above, RFI will repair or replace, at its option, the defective or non-performing Product or any part thereof determined by RFI to be defective or non-performing as the case may be, at no cost to the End-User, up to the initial cost of the Connectivity System as installed. The End-User shall be solely responsible for any cost and expenses in excess of the initial cost of the Connectivity System as installed.

Warranty Program Limitations

This twenty-five (25) years System Warranty applies only to the Product when used together as a Connectivity System and then only if the Connectivity System:

- (1) has been installed by a RFI Certified Installer in accordance with TIA/EIA 568-B telecommunication standards and other applicable standards for which the Product are designed;
- (2) has been registered with RFI upon completion of the installation, and;
- (3) has not been removed from its original installation site.

This Warranty does not extend to any of the Product used in the Connectivity System that are damaged by reason of:

- (1) any installation, connection or use of the Product not in strict accordance with its specification;
- (2) use of the Product for any purpose other than that for which they are designed;
- (3) disasters or Acts of God;
- (4) unauthorized attachment, alterations, or modifications to the Product;
- (5) the misuse or failure of any items or equipment connected to the Product;
- (6) accident, abuse, misuse or neglect of the Product;
- (7) improper maintenance or repair of the Product;
- (8) any other reason or event not caused by RFI.

RFI's sole obligation for any breach of this Warranty is limited to repairing or replacing the defective or non-performing Product as provided above. RFI and its Directors, Officers, employees, subsidiaries and affiliates shall not be liable for any damage arising from any loss of equipment, loss or distortion of data, loss of time, loss or destruction of software or other property, loss of production or profits, overhead cost, claims of third parties, labour or material, penalties or liquidated damage, or any other incidental, consequential, indirect, special or punitive damages whatsoever, whether based upon breach of warranty, breach of contract, negligence, strict liability of any other legal theory.

This Warranty extends to the original End-User only and may not be transferred or assigned in any manner whatsoever.

This Warranty is the sole Warranty offered by RFI with respect to the Product installed together by a RFI Certified Installer. RFI does not assume any other liability in connection with the sale of the Product. No representative of RFI is authorized to extend this Warranty or to change in any manner whatsoever.
